Our Commitment to You

At Mallee Karlip Group, we pride ourselves on being more than a business. We are a community-driven force with a commitment to authenticity, inclusivity, and positive change. Through employment, mentoring, and training, we aim to empower individuals, uplift communities, and contribute to the well-being of Aboriginal and Torres Strait Islander people.

Join Us on the Journey

As we embark on this journey, we invite you to experience the difference that Mallee Karlip brings to the table. We are down-to-earth, welcoming, and driven by a shared vision for a brighter, more inclusive future. Together, let's build a legacy that honours tradition while embracing progress. Welcome to Mallee Karlip Group.

Proudly Supply Nation Certified

Supply Nation is the Australian leader in supplier diversity, ensuring that certified businesses are indigenous owned, regularly audited and contributing to the shared vision of a prosperous, vibrant and sustainable Indigenous business sector. This aligns perfectly with our company goals and we proudly hold certification through this organisation.

About Us

Mallee Karlip, an Aboriginal-owned and operated company, is a trusted and seasoned provider of end-to-end electrical and instrumentation services in Western Australia.

Our commitment to supporting Australian businesses is reflected in our innovative project delivery approach, which also creates valuable opportunities for the Indigenous community. With a highly skilled and trained team, we are uniquely equipped to deliver comprehensive services to our clients.

Partner with Mallee Karlip for your next project and benefit from hands-on support and topquality results across project design and longterm maintenance.

Our Founding Story

Empowering Futures, Honouring Tradition

Established in 2021, Mallee Karlip Group proudly stands as a nationally certified Aboriginal-owned and operated business.

Led by Noongar Man Jay Collard and business partner Matthew Guy, our mission is to create a positive impact for Aboriginal and Torres Strait Islander people through meaningful initiatives in employment, mentoring, and training.

The roots of Mallee Karlip run deep, as Jay Collard's family has ties to the Mallee region (Kondinin). His grandfather, Don Collard, initiated the Kondinin Mallee Aboriginal Corporation in 1998, laying the foundation for our commitment to tradition and community. In honouring this legacy, we carry the name 'Mallee' with pride and dedication.

The Essence of Mallee Karlip

Mallee

Reflecting the region of Jay's family heritage, the term 'Mallee' embodies the rich history of his grandfather's initiatives. We carry this tradition forward, symbolising our deep connection to the land and its people.

Karlip

In Noongar, 'Karlip' translates to 'countryman,' 'close friend,' or 'mate.' This word encapsulates the profound bond between Jay and Matthew, forged over 15 years of friendship since their school days. It defines the heart of Mallee Karlip Group, creating a distinctive and approachable business culture.

Our Services

Create

We excel in designing and engineering a range of project requirements, including electrical and mechanical components. Our approach involves customising solutions to perfectly suit the specific needs of each project, ensuring an optimal fit and superior outcome.

Construction

From enhancements and expansions to the installation of new and customised systems, we guarantee a result of superior quality, tailored specifically for its intended purpose.
